

The MathWorks

MathWorks Accelerator and Startup Programs

Accelerator Program

Startups in a MathWorks Approved Partner Accelerator* are eligible.

Program Features

- 12 months free software: MATLAB, Simulink and 90+ add-on products
- Up to 10 licenses per company
- Full technical support (phone, email, online)
- Training
 - Free: MATLAB, Simulink and deep learning onramps, online self-paced tutorials
 - 50% of list price: additional online self-paced training modules.

How to access the program?

- Write an email to managerincubator@venturecenter.co.in with a request for licenses of the software
- Venture Center will approve the request and communicate the same to the MathWorks team.
- MathWorks team will get in touch with you for processing the licenses
