 It was a great learning experience with theory and hands on experience

**If you have any other suggestions, comments, etc., please share them below.**

Allow us to design our own prototypes and allow for longer printing times  
 Nothing  
 No remarks  
 They should have given me more time and freedom to decide my product design and size (my product was smallest amongst all other  
 none  
 The content can be more exclusive and more high level.  
 Medical bio printing content can be increased with little visual  
 Nothing that I can suggest of The workshop was amazing  
 Good communication.expecting more workshops  
 If the workshops could be conducted on weekends with more time for us to spend time on the hands on projects.
